Source Code: github.com/kaylahimmel/FrndFndr

- Friend-matching app with survey form.
- Personal project built using HTML5, CSS3, Bootstrap4, AJAX, JSON, jQuery, and Heroku.

Experience

Portland Community College | Portland, OR

2012 - Present

Graphic Designer

- Designed full marketing campaigns to meet the project specs given by and/or developed with various clients within the college as well as in the outlying community.
- Spearheaded our website revamp project, working directly with the PCC Web Team by providing project requirements, Adobe XD wireframes, content and web assets, and logic for the various order forms. Also tested entire site to ensure expected functionality.
- Served in a project management role, working with the IT and Marketing departments, in developing a new college-wide printing program.
- Conducted internal marketing meetings and mentored junior designers and interns.

American Reprographics Company | Portland, OR

2011 - 2012

Document Control Specialist

- Processed e-commerce and phone orders.
- Created and maintained digital databases of engineering construction schematics.
- Provided continuous updates to the physical planroom of available construction projects in the area for the National Association of Minority Contractors to bid on.

Fedex Office | Portland, OR and Spokane, WA

2007 - 2011

Center Specialist and Center Production Coordinator

- Processed, printed, and coordinated completion of customer orders with other Fedex Offices around the country.
- Performed daily and weekly banking and financial reporting duties.
- Entrusted with training all new employees.

Education

Case Western Reserve University | Cleveland, OH
